- *Body*
  - *Column Headers*
  - *Report Body*
  - *Summary Record*
- *Footer*

User Entered Parameters:
- *Date Range: Report includes records that have n Event Date, where the Event=Record Selected for Viewing, within the date range selected by the user.*
- *Record Type – able to select 1 or more Records for inclusion in the report (multi-select is supported).*
- *Format: By Organization or By User*
  - *Affiliation/Organization Name – able to select 1 or more Affiliation/Organizations for inclusion in the report (multi-select is supported)*
  - *OR*
  - *Users to be included in Report (multi-select is supported). Default is All.*

AHCCCS HIeHR Utility   **<Report ID>**
Viewer Utilization Summary by Record Type, Organization
For the Period <Start Date> to <End Date>

Data Elements to Include:

- *See Report sample P. 3-4*
  - *Affiliation/Organization*
  - *User Name*
  - *Primary Specialty*
  - *Record Type*
  - *Data Provider*

Group By:

- *Record Type*
  - *Sorted Alphabetically, Ascending*

Sorted By (within each Group):

- *Affiliation/Organization Alphabetically Ascending*
  - *Secondary Sort: Record Type, Alphabetical Ascending*
  - *Tertiary Sort: Data Provider, Alphabetical Ascending*

Header Description:

- *Title: Utilization Summary by Record Type, <Entity Entered>, Centered*
  Entity Reporting selected as Organization or User
- *Show the start and end date that was selected by user below Report Title*
- *Show AHCCCS Logo in Header, Left Justified*
- *Show the Report Identifier in Header, Right Justified*

Footer Description:

- *Show Report Generation Date, Left Justified*
- *Show Page Number (Page x of y), Centered*

Calculations

- *No. Records Viewed - Determine count of records viewed for each User by Record Type*
- *% of Total for Record Type - Calculate % each Group or User represents of all Record Types viewed*

- *Summary for each Record Type*
  - *No. Records Viewed - Determine count of records viewed for all Users by Record Type*
  - *% of Total for Record Type - Calculate % each Record Type represents for reported Group/Users (should be 100%)*
